Druk Namdrol Ling

Drukpa Switzerland

Switzerland.

My dearest Dharma Brothers & Sisters,

Warmest greetings from the Kingdom of Bhutan!

I hope this letter finds you all in good spirits, good health and above all happy with the blessings from His Holiness always with you. About me, I'm doing absolutely fine and now that I'm back in Bhutan, my studies are going on in full swing at the University of Buddhist Studies, Tango Monastery.

It was my utmost pleasure meeting you all. Let me take this opportunity to thank you from the depth my heart to have given me an opportunity to teach you and for the wonderful and impressive organization of the event, and the precious time I had in Europe being with you all was a joy and a thing to remember. I certainly look forward to many more meetings between us and able to give teachings, and at the same time learn many valuable things from you and your beautiful country/city for a long time to come.

Last, but not least, you are always in my thoughts and prayers. I look forward to seeing you in Ladakh during the 3rd Annual Drukpa Council in August this year.

With prayers,

SD/-

(Thuksey Rinpoche)
